Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2024-25

Assignment Sheet-I
Session 2024-25 (Odd Semester)

Subject: Computational Thinking and Programming. **Max Marks- 40**

Due Date: 17-10-24

Roll No.	1-6	7-12	13-18	19-24	25-30	31-36	37-42	43-48	49-54	55-60	61-66
Set-Number	I	II	III	IV	V	VI	VII	VIII	IX	X	XI

(Set-I)

Q. No	Question	BL	CO	MM
1	Explain Primary and secondary storage memory.	1	1	10
2	Draw the Architecture of Computer system.	2	1	10
3	Explain tokens in C. Also explain the types of operators.	2	2	10
4	WAP to multiply any two floating point numbers.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2024-25

Assignment Sheet-I

Session 2024-25 (Odd Semester)

Subject: Computational thinking and Programming. **Max Marks- 40**

(Set-II)

Q. No	Question	BL	CO	MM
1	Explain the generations of computer.	1	1	10
2	What are access methods of memory?	1	1	10
3	Discuss about unary and Binary operator used in C.	2	2	10
4	WAP to Subtraction of any two numbers.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25 (Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-III)

Q. No	Question	BL	CO	MM
1	What does the word 'volatile' mean and write difference between volatile and non-volatile memory?	1	1	10
2	Differentiate the following (a) Application vs system software (b) RAM vs ROM	2	1	10
3	Discuss about arithmetic operators with example.	2	2	10
4	WAP to Input two numbers and swap them without using 3rd variable.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25(Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-IV)

Q. No	Question	BL	CO	MM
1	Define Software? Difference between Application vs system software.	1	1	10
2	Draw the Architecture of Computer system.	1	1	10
3	Define datatypes in C. Explain various datatypes used in C.	2	2	10
4	WAP to convert the temperature from Fahrenheit.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25 (Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-V)

Q. No	Question	BL	CO	MM
1	What is a computer and explain types of computers.	1	1	10
2	What are the various access methods of memory?	2	1	10
3	WAP to find area and perimeter of circle.	3	2	10
4	WAP to input principal, rate, time and calculate Simple Interest. Simple Interest=(Principal*Rate*Time)/100.	2	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25 (Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-VI)

Q. No	Question	BL	CO	MM
1	What do you mean by supercomputers?	1	1	10
2	Write features of first generation of computers.	2	1	10
3	WAP to check given character is digit, alphabet or special character.	3	2	10
4	WAP to Input 3 numbers and find greater number using ternary operator.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25 (Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-VII)

Q. No	Question	BL	CO	MM
1	Differentiate between Application Software vs System Software.	1	1	10
2	Define Translator. Difference between compiler and interpreter.	1	1	10
3	WAP to check whether the input number is Positive or Negative.	3	2	10
4.	WAP to find given number is prime or not prime.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25(Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-VIII)

Q. No	Question	BL	CO	MM
1	Draw the Architecture of Computer system.	1	1	10
2	How do we compile and run a C program? write down the steps.	2	1	10
3	WAP to find out reverse of given number.	3	2	10
4.	WAP to Input number between 1-12 and print corresponding month. i.e. 1-January, 2-February, 3-March … so on using switch case.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25(Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-IX)

Q. No.	Question	BL	CO	MM
1	What is a translator and What are the different translators?	1	1	10
2	What is software? And explain different type of software.	1	1	10
3	WAP to Input number and find it is palindrome or not using while loop.	3	2	10
4	WAP to Calculate the Sum of Natural Numbers using for loop.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25(Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-X)

Q. No.	Question	BL	CO	MM
1	Differentiate the following (a) Hardware vs Software (b) RAM vs ROM	2	1	10
2	Explain structure of C Program.	2	1	10
3	Explain a) Unary operators b) Ternary operator	3	2	10
4	Explain the conditional statement with the help of examples.	3	2	10

Swami Keshvanand Institute of Technology, Management & Gramothan, Jaipur

B. Tech. I Year I Semester 2023-24

Assignment Sheet-I

Session 2024-25 (Odd Semester)

Subject: Computational thinking and Programming **Max Marks- 40**

(Set-XI)

Q. No.	Question	BL	CO	MM
1	How do we compile and run a C program? Write down the steps.	2	1	10
2	What are the key differences between RAM and ROM?	1	1	10
3	WAP to find sum of digits in given no using while loop.	3	2	10
4	WAP to Display Characters from A to Z Using Loop.	3	2	10
